The 2015 Flagstaff Star Party welcomed nearly 3000 visitors!

"Astro-tourism" is a vibrant and growing sector of the tourism economy, and one that Flagstaff - the **First International Dark-Sky City**, is ideally positioned to take advantage of. The Flagstaff Star Party's goal is to share Flagstaff's world–renowned dark starry skies with those who may not have the opportunity to view starry night skies because of urban sky glow, yet who have a curiosity and desire to see the beauty of a starry sky for themselves, and wish to experience with their families the wonder such views can inspire.

The 2016 event will be anchored by three nights of naked-eye and telescope viewing in Buffalo Park, with thirty telescopes hosted by amateur and professional astronomers. Each evening will also feature a popular-level presentation by a Flagstaff scientist about the wonders of the Universe over our heads, and photo-journalist Stan Honda will lead a night sky photography workshop Sept 23rd! The Flagstaff Star Party is a community supported event and the most easily accessible Star Party in the world, located in the center of Flagstaff at Buffalo Park. The Star Party has also partnered once again with the Flagstaff Festival of Science, which seeks to highlight northern Arizona as a community that values and embraces science discovery and lifelong learning. All of this will happen September 22, 23, and 24, Thursday, Friday, and Saturday, respectively, from 6 – 10 pm.

We are committed to keeping this event free to the public and we would welcome you to partner with us.

Flagstaff Star Party Partners

Coconino Astronomical Society
Northern Arizona University Physics and Astronomy
Flagstaff Unified School District
U.S. Naval Observatory Flagstaff Station
Lowell Observatory

Sponsorship Opportunities

First Magnitude $5,000

- Logo on all printed materials and advertising
- Exclusivity
- 10 X 10 space for onsite company promotion
- Logo and link on Star Party website www.flagstaffstarparty.org
- Recognition on social media channels
- Larger logo and prominent placement on sponsor banner
- Inclusion on all local and statewide press releases.

Second Magnitude $2,500

- 10 X 10 space for onsite company promotion
- Logo and link on Star Party website www.flagstaffstarparty.org
- Recognition on social media channels
- Logo and prominent placement on sponsor banner
- Inclusion on all local press releases.

Third Magnitude $1,000

- Logo and link on Star Party website www.flagstaffstarparty.org
- Recognition on social media channels

Fourth Magnitude $500

- Logo and link on Star Party website www.flagstaffstarparty.org
